

Camp Sparkle Lunch Program

Cancer is expensive and causes a significant financial burden on individuals and families. No one knows that better than the families that participate in Camp Sparkle. The Camp Sparkle Lunch Program offers groups of volunteers the opportunity to help reduce the financial burden of cancer.

How it works: Your business or volunteer group can volunteer to provide, prepare, and serve a lunch at one of our four camp locations. See lunch program options for estimated price, number of meals and group size needed. Your group is responsible for bringing all of the food needed to make lunch. Cooking materials and utensils will be provided, if needed. No food preparation may take place in a home kitchen. All food must be prepared on-site or from a commercial kitchen (i.e. deli, restaurant, etc.).

To Schedule: Contact the Camp Director at maddie@cancerpathways.org or 206-709-1400 to schedule a date in Seattle, Tacoma, Everett or Bellevue.
