Dear Friends,

We are writing you to share some exciting updates on our upcoming one-day 2019 Cancer Education & Health Advocacy Conference presented by Cancer Pathways, in partnership with Tri-Cities Cancer Center. This will be our second conference in Eastern Washington scheduled to take place in Prosser, Washington, on Friday, October 4, 2019. Thank you for supporting this event. We would be thrilled to see you attend.

This year's conference will be built on the success of last year's event in Granger, WA, where we held sessions on cancer education, sun protection, and oral health; we learned advocacy from a state senator and a lobbyist, and we hosted a panel of survivors who shared their moving stories. Through participant surveys, we learned that conference objectives were successfully met including increased awareness of general cancer prevention and how to better communicate with one's Legislative Representative.

This 2019 conference will continue to serve community members including migrant workers, Community Health Workers, students, teachers and the general public. In addition, there will be opportunities available for cancer screenings on site through the Tri-Cities Cancer Center resources. All services will be provided at no cost to attendees.

Thank you again for your support!

2019 Cancer Education & Health Advocacy Conference

Friday, October 4th 2019

As a sponsor, you will be provided with a platform to share your information and services with colleagues statewide and network with Washington's diverse public health community. Your support of this workshop will educate community members and local high school students about cancer, particularly the challenges surrounding minorities and migrant workers. All sponsors may join the Sponsor Panel to take questions about their organizations at the event.

Thank you for your support! If you have any questions about your sponsorship level and the associated benefits, please contact Sophie at sophie@cancerpathways.org.
