TOURNAMENT

Benefitting Cancer Pathways

Monday, July 27, 2026

The Plateau Club

**19th Annual Bryce Fisher Tournament
July 27 2026, The Plateau Club**

Can you believe it's time for golf already?

*We're excited to announce our **19th Annual Bryce Fisher Golf Tournament** at The Plateau Club on July 27th. Get your friends together, grab your clubs, and come have a good time while supporting cancer survivors and the many free community programs Cancer Pathways offers.*

Players will enjoy a beautiful private course, 18 holes of friendly golf, food, beverages, and fun activities at every hole while learning more about Cancer Pathways. The afternoon will conclude with a festive reception with a buffet dinner, cocktails, and tournament prizes.

We hope you will join us in this day of fundraising and camaraderie. Your partnership is invaluable for the work we do in the cancer community.

We look forward to seeing you on the green!

Bryce Fisher

Announcements &
Mega Putt**

**9:30 am
Shotgun start**

**~3:00 pm
Reception
(Buffet & Awards)**

I'm Jessica Daughetee, and I recently stepped into the role of Executive Director at Cancer Pathways. It's an honor to be part of the 19th year of this tournament and I'm inspired by the incredible community Bryce has built. With your support, we're expanding our reach toward one million lives supported.

Thanks,

Jessica

CANCER TOUCHES EVERYONE — AND NO ONE SHOULD FACE IT ALONE.

A cancer diagnosis doesn't just affect the patient. It ripples through families, friendships, workplaces, and entire communities. Without access to support, education, and connection, people are left to navigate one of life's hardest experiences in isolation.

Cancer Pathways walks alongside people at every stage — providing the resources, connection, and care that make survival and healing possible.

WHO WE ARE:

Cancer Pathways is a community-based organization providing programs and support to anyone affected by cancer, including:

- Student cancer risk-reduction education
- Support groups and individual emotional support
- Camp Sparkle for children and teens impacted by cancer
- National Teen Writing Contest
- Community education and outreach
- Vaping and tobacco cessation workshops

All of our programs are offered free of charge.

A FEW IMPORTANT FACTS:

- Cancer is the second leading cause of death in the United States
- Nearly 40% of Americans will be diagnosed with cancer in their lifetime
- Caregivers and family members face significant mental health impacts alongside their loved ones
- Access to support programs dramatically improves quality of life and health outcomes for cancer patients and survivors

VISION

A world where no one faces cancer alone.

MISSION

To provide free pathways of support, education, and community to anyone facing cancer — whether it's before, during, or after a cancer experience.

CANCER PATHWAYS HAS IMPACTED MORE THAN HALF A MILLION PEOPLE

WHAT YOUR SPONSORSHIP MAKES POSSIBLE

Cancer isolates. It destabilizes. It overwhelms families. Your sponsorship helps ensure that no one has to carry that alone. Over the next couple of years, our targets are to:

Reach 10,000+ students a year.

Double our school footprint and train teachers to carry the work forward.
Send classroom prevention kits that turn awareness into everyday habits.
Because reducing the risk of cancer becomes personal.

Double our support groups and hire two additional social workers.

A caregiver gets help when they need it most.
A grieving parent joins a group before isolation deepens.
A survivor has somewhere to process fear of recurrence.

Scale Best Medicine to accommodate the 100+ person waitlist.

Laughter becomes therapy.
Connection becomes medicine.

Expand Camp Sparkle to reach more children across Washington.

Reach rural families who often lack access to support.
Launch specialized grief and teen camps, provide travel scholarships and weekend meal kits.
Sometimes stability starts with groceries.

Expand the Teen Writing Contest — more teens sharing their voices.

Scale anti-vaping programs statewide.
Build peer-led prevention models.
Because students listen to students.

Relaunch Cancer in the Workplace, helping employees and employers navigate treatment, time off, and workplace communication.

Because cancer education shouldn't stop at the classroom.

With your partnership, Cancer Pathways can be there.
