

Tips for Creating a Cancer Awareness Club at your School

Tip 1: Brainstorm Ideas

Cancer is a huge topic! We encourage you to brainstorm with your peers about what you want your club to focus on. For example, cancer awareness, research, fundraising, prevention, support, etc. Remember what you're most passionate about!

Tip 2: Work with your school/administration

Reach out to leadership and teachers who oversee the clubs at your school to chat with them about some of your ideas. We encourage you to make your club a collaborative effort with your school administration.

Tip 3: Create the foundation and plan

Ask yourself these questions to help build a plan:

- Why do I want to start this club?
- What is the purpose and goal of the club?
- How will we attract new members? What will members do?
- How often and how long will the club meet? Where will we meet?

Tip 4: Let Cancer Pathways Support You!

Our goal is for you to succeed! **Contact us** if you have any questions and visit our **Community Education** page for topic idea's and other inspiration.
